Selected Answer: A

Answer A is correct for this context. But when there is Model Monitor is available, it is the most accurate answer. (Amazon SageMaker Model Monitor is deal for governance, auditing, and reporting, especially in regulated environments)

Selected Answer: U

Cartões de modelo do Amazon SageMaker (Model Cards) são usados para documentar detalhes importantes sobre modelos de machine learning, como:

Fonte dos dados de treinamento e validação

Objetivo do modelo

Métricas de desempenho

Considerações éticas

Informações para governança, conformidade e relatórios

Esse recurso é ideal para rastreabilidade e responsabilidade em projetos de ML, especialmente em ambientes corporativos que precisam de governança rigorosa.
